

ERASMUS + PROGRAMME. INTERNATIONAL CREDIT MOBILITY (K107)

INFORMATION FOR PARTNER UNIVERSITIES

I. ERASMUS + PROGRAMME AND UGR MOBILITY PROJECT.

For 30 years now, the European Union's Erasmus programme has enabled over four million European students to spend part of their study programme at another higher education institution with full recognition at their home institution. The Erasmus+ programme for the period 2014-2020, following the also successful Erasmus Mundus Action 2 programme, opens up these opportunities to students and staff from other parts of the world, known as "Partner Countries".

Mobility with Partner Countries is a decentralized action, which means that it is managed in each programme country by the corresponding National Agency.

The University of Granada submitted an application for international credit mobility consisting in a mobility project with sets of mobility flows between UGR and its partner institutions worldwide.

For 2017-18, the University of Granada's project has been awarded funding for student and staff mobilities with Albania, Argelia, Armenia, Belarus, Bosnia and Herzegovina, Cambodia, Egypt, Georgia, Guatemala, Honduras, India, Israel, Lebanon, Libya, Macao, Moldova (Republic Of), Montenegro, Morocco, Myanmar, Palestinian Territories, Philippines, Russian Federation, Serbia (Republic Of), Sri Lanka, Sudán, Tayikistán, Thailand, Togo, Tunisia, Ukraine.

The mobilities planned in the project are to be carried out during the eligibility period of the project, starting 1st June 2017 until 31st July 2019.

The Erasmus + Programme includes the following types of mobility (details of mobility flows are indicated in the inter-institutional agreement with each partner university):

Student Mobility for Studies

It consists in a study period abroad that may last from a minimum of 3 months to a maximum of **12 months**. In our project, the duration of the mobilities for study, as a rule, is 5 months for first (Bachelor) and second cycle (Master's), and between 3 and 6 months for doctoral cycle.

To ensure high-quality mobility activities with maximum impact for students, the mobility activity must be compatible with the student's degree-related learning and personal development needs. The study period abroad must be part of the student's study programme to complete a degree at first cycle (Bachelor or equivalent), second cycle (Master or equivalent) or third (doctoral) cycle. The period of study abroad must be relevant for the degree-related learning of the candidate and personal development needs, and be part of the study programme that he or she is following. It is also essential that the student has sufficient level of the language of instruction to follow classes and carry out assessment tasks.

Erasmus+ students are **exempt** from fees for tuition, registration, examinations, and charges for access to laboratories or libraries at the receiving institution. Small fees for insurance or student union membership may still apply.

Staff for Training:

This activity supports the professional development of teaching and non-teaching staff in the form of training events abroad (excluding conferences) and job shadowing/observation periods/training at a partner institution. Participants must be employees of the sending institution (both at the moment of selection/nomination and during the period of the mobility).

The duration of individual mobility in our project is 5 working days, plus two additional days for travel.

Staff for Teaching:

This activity allows the partner university's teaching staff to teach at the UGR and vice versa. Staff mobility for teaching may be in any subject area/academic discipline.

Duration of individual mobility in our project is 5 working days, plus two additional days for travel. Teaching activity must include a minimum of 8 hours of teaching per week.

Funding of mobilities

The participants nominated under inter-institutional agreements receive an **Erasmus+ grant** as a contribution to their travel and subsistence costs. Grant levels and fixed rates for exchanges between Programme and Partner countries are published in the [Erasmus+ Programme Guide](#) and are divided into two components:

Travel costs	
Based on the travel distance per participant, calculated using the distance calculator supported by the European Commission: http://ec.europa.eu/programmes/erasmus-plus/tools/distance_en.htm ; the distance of a one-way trip must be used to calculate the maximum amount of the EU grant that will support the round trip.	
from 100 to 499 Km	180 € per participant
from 500 to 1999 Km	275 € per participant
from 2000 to 2999 Km	360 € per participant
from 3000 to 3999 Km	530 € per participant
from 4000 to 7999 Km	820 € per participant
8000 Km or more	1,100 € per participant
Allowance	
Students' monthly grant (coming to Spain)	800 €
Staff daily allowance (coming to Spain)	120 €

II. PROJECT IMPLEMENTATION

Erasmus + rules and regulations are applicable to all project activities.

Inter-institutional Agreement-IIA

Before the start of the mobility flows, the UGR and the partner institution included in the project mobility scheme must sign an inter-institutional agreement. When signing the inter-institutional agreement, Institutions from Partner countries commit to the principles of the Erasmus Charter (http://ec.europa.eu/programmes/erasmus-plus/node/74_en).

The agreement indicates the number and direction of mobility flows, level and duration of mobilities. Other information required for quality management of mobility, such as contact data, name of the institutional coordinator, academic calendar, admission information, language and other requirements must also be mentioned.

For more information about the contents of the inter-institutional agreement, please see questions 47-54 of the Erasmus+ International Credit Mobility Frequently Asked Questions for Higher Education Institutions (link at the end of the document).

For the purposes of the reporting for the project, Erasmus + partner institutions must have a **PIC number** (Participant Identification Code). This code is required by the European Commission Authentication Service (ECAS) as a way to identify organizations throughout the different stages of any project's cycle. If you do not have one, please follow the instructions given at this link and send us the code once you get it.

Selection Process

The selection of outgoing candidates is carried out by the sending institution. Please remember that according to the Erasmus + programme, partner universities must "Apply a selection process that is fair, transparent and documented, ensuring equal opportunities to participants eligible for mobility". Therefore, please make sure that the records of the selection process are kept (such as the text of the announcement, how the announcement was published, references to the web-site, mailing to possible interested students or staff, dissemination meetings, announcement of provisional and final results of selection, etc.), so that those records are available upon requirement for a period of five years. This information may be required to evaluate the implementation of Erasmus + mobility by the National Agency or the European Commission.

An electronic copy of these records should be sent to the UGR as soon as the selection process is over for the purpose of possible monitoring by our National Agency or the European Commission.

Student selection

Students taking part in the Erasmus + programme should be registered at their home university in studies leading to a recognised degree. It is not required for the participants to have the nationality of the country of the sending institution.

Students can go on mobility for a maximum of 12 months per study cycle. Previous participation undertaken in the framework of an EU-funded programmes such as, for example, Erasmus Mundus Action 2 projects, must be taken into account when calculating the maximum eligibility mobility period. Applications from candidates who have already benefited from EU-funded programmes should be given lower priority.

The selection criteria for participants are defined by their sending higher education institution, in agreement with the receiving institution, with the first criterion being academic merit (especially those concerning academic profile and knowledge of the language of instruction). Please note the difference between **requirements**, which all participants in mobility must fulfil (such as a specific level of the language of instruction, or being registered on a specific academic degree programme), and other criteria (such as academic performance), which should be taken into account only to rank eligible applications during the selection process. These conditions should be made clear to all applicants.

In order to ensure the viability of each student's study programme, for students coming to UGR, language requirements are in existence. In order to be accepted as Erasmus + (International Dimension / Partner Countries) undergraduate or master's student it is mandatory to accredit a B1 level in the language of instruction, which is almost always Spanish (though see below for academic offer in English). In order to accredit this level, applicants must present a certificate of competence of at least B1 level, according to CEFR (Common European Framework of Reference for Languages) in the language of instruction. PhD participants should agree with the corresponding research unit upon their working language prior to acceptance.

For a list of language certificates accepted by the UGR follow the link:

<https://internacional.ugr.es/pages/politica-linguistica/tablasdecertificadosaceptadosporlaugr>

[See more information about language requirements, certificates accepted, exemptions, UGR's Spanish online proficiency exam eLADE, and linguistic resources to prepare the exam and the mobility in the attachment.](#)

Selection of staff for teaching or training

Staff must be working at the partner university both at the time of selection/nomination and during the mobility period. Candidates should have agreed their teaching/working programme and the working language with the corresponding host unit **prior to acceptance**. To agree the teaching/working programme, the candidate should contact the corresponding head of unit or director at the UGR who might require supporting documents to evaluate the candidate's profile.

Nomination and acceptance of selected candidates

The home institution should send the nomination of the selected candidates by e-mail from the contact address indicated in the agreement, with the information mentioned in the nomination

letter, signed and stamped as an attachment (see the template attached). Nominations by the partner university should be sent to: intldimension@ugr.es

Admission process at the UGR

Once nominated, students should apply on-line (at <http://internacional.ugr.es/pages/perfiles/estudiantes/incoming-erasmus-dimension-internacional?lang=en>, and upload the following documents:

UNDERGRADUATE

- ID/PASSPORT (MANDATORY)
- Official Language Proficiency Certificate (MANDATORY). Please check the eligible certificates. Candidates in the process of taking a certification exam should attach proof of registration.
- Learning agreement approved by the home university (optional)
- Official transcript of records signed and stamped by the home university (MANDATORY)

MASTER

- ID/PASSPORT (MANDATORY)
- Official Language Proficiency Certificate (MANDATORY). Please check the eligible certificates. Candidates in the process of taking any certification exam should attach the proof of registration.
- Official proof of registration in the Master Programme at the home university (MANDATORY)
- Pre-admission letter signed by the UGR coordinator/tutor of the Master Programme (MANDATORY).

The pre-admission letter should be issued by the academic coordinator of the master programme at the UGR stating that the candidate fulfils all academic requirements and will be admitted to that specific programme in case he/she is awarded an Erasmus+ KA107 scholarship. To obtain a pre-admission letter, the candidate should contact the coordinator of the programme who might require supporting documents to evaluate if he/she is a suitable candidate for that specific programme.

DOCTORAL (PhD)

A call for applications to identify suitable doctoral candidates will be launched by the University of Granada. The selection will be carried out by the UGR in collaboration with the partner institution, in accordance with the positions offered by the different PhD programmes offered at the UGR.

Detailed information about this call will be provided at a later stage.

Upon receiving the application, the International Relations Office will check whether it is complete and correct. After this eligibility check, the Faculty, School or International School for Postgraduate Studies will confirm acceptance on the proposed study programme.

For staff acceptance, please contact intldimension@ugr.es for further instructions.

Invitation letters will be sent to the nominated participants on receipt of all the required documents.

Insurance

Participants must have medical and travel insurance for the whole mobility period, with at least the following items covered:

- Medical care
- Repatriation or medicalised transportation of ill or injured persons.
- Transport of Mortal Remains
- Private Civil Liability Insurance.

Home universities are required to check that all their participants have the necessary insurance for the period of their stay. Students coming to the UGR may take out the insurance coverage offered by the University of Granada. Insurance conditions and application procedure may be consulted at:

<http://internacional.ugr.es/pages/movilidad/estudiantes/entrantes/insurance/informacion-basica-sobre-el-seguro-20172018?lang=en>

Compulsory Erasmus + Documents

1. The [Erasmus+ Student Charter](#) describes students' rights and obligations with respect to the period of study abroad: http://ec.europa.eu/programmes/erasmus-plus/node/74_en. It informs about the students' rights, what they may expect from their sending and receiving organisations at each step of their Erasmus+ experience, and what is expected of them: http://ec.europa.eu/education/opportunities/international-cooperation/documents/guide-credit-mobility_en.pdf
2. The sending and receiving institutions, together with the students/staff, must have agreed on the activities to be undertaken - students in a **"Learning Agreement"**; staff members in a **"Mobility Agreement"** - prior to the start of the mobility period. These agreements define the intended learning outcomes for the learning period abroad, specify the formal recognition provisions and list the rights and obligations of each party.
3. Participants will sign a **"Grant agreement"** with the UGR, in which obligations of both parties are stated as far as financial support and payments are concerned (it will be sent to the nominated participants from the UGR International Office). According to this agreement, a pre-financing payment will be made by the UGR to the participant no later than the start day of the mobility.
4. The receiving institution must provide the students with a **transcript of records** or **mobility certificate** confirming the results of the agreed study programme. Staff participants should obtain a certificate of their stay.
5. **EU Survey**. At the end of the period abroad, all mobile students and staff will be required to submit a final report. Students will receive the survey by email one month before the end of their mobility period, and submission of the report will trigger the

payment of the final grant instalment to the participant. Staff will be expected to complete the survey at the end of their mobility period.

Recognition of Mobility Period

The European Commission requires that all mobility periods are recognised by both home and host universities, as stipulated in the inter-institutional agreement and in the Learning agreement. Upon return, the home institution must fully recognise the activities carried out by the participant during mobility.

III. INFORMATION ABOUT THE UNIVERSITY OF GRANADA
